## **I. BACKGROUND INFORMATION**

The Marvel Assembly was created by a group of superheroes in the universe of Marvel, embodying the ideals of justice, courage, and collaboration to confront threats beyond the capabilities of any single hero. This assembly, inspired by the rich tapestry of characters and narratives within the Marvel Comics Universe (MCU), serves as a symbol of unity and strength. The members, hailing from diverse backgrounds and possessing unique abilities, come together to protect the world from villains, alien invasions, and other catastrophic events that no single entity could withstand alone.

The formation of the Marvel Assembly signifies the importance of teamwork and the belief that together, individuals can make a difference in the fight against evil. It highlights the core message that unity in diversity can bring about monumental change and safeguard humanity against the greatest of threats. The committee, within the context of the Model United Nations, draws inspiration from the MCU's themes of collaboration, responsibility, and the moral dilemmas faced by those with power. Delegates in the Marvel Assembly are tasked with channeling the spirit of these superheroes, working together to address global challenges with wisdom, courage, and a commitment to peace and security for all.

#### **IV. IMPORTANT INFORMATION**

- For this specific conference, the debate will take place right after Ms. Marvel.
- The committee will use the parliamentary Ñ of a regular UN committee
- As this committee's topic is a crisis, superheroes are not asked to write a position paper but are recommended to engage in a small investigation about their respective heros.
