

BBA Special Committee

Guidelines for your Position Paper

Hello everybody! Here Danna Sánchez, the Academic Director of SPISMUN 2025.

Your Committee is Special. Therefore, your Position Paper is slightly different. Please take this into account:

- Regular Heading
- 1st Paragraph: Define the topic based on Background Paper.
- 2nd Paragraph: Your Country Policy is in total opposition to the cults, this applies to all Countries, but you can create additional made up facts that supports how your Country has been affected by this epidemic. Keep in mind that reading thoroughly and carefully so you can stick and use the information of the Background Paper when inventing your position. You must have similar ideas to the background paper, do not come up with zombies or new stuff because it's not related to the topic. You all have to be at a common ground at the debate, so please attach to my message.
- 3rd Paragraph: In this section you will provide your Country's solutions to the problem.
- References: Not needed, does not apply.

Important Note: The Parliamentary Protocol is the same as the regular debate flow, except that you will be presented an oath that will be said at the start of the first session, don't worry about it, you will read it and follow the directions that your Chairs will give you at the moment.

We are very thankful because you are coming to SPISMUN, and we expect the best for this committee; the Secretariat and your Chairs promise it will be unforgettable. We wish you the best and be ready for the upcoming.

If you have any questions don't hesitate to send me a mail, to your chairs, or to our advisor- dannasanchezr_a@sanpatricio.edu.mx and spismunpaseo@sanpatricio.edu.mx

Sincerely,

Danna Sánchez
